Python Django Project

Tool Management

-utilities: Python 3, Django 2

STATUS: SUBMITTED

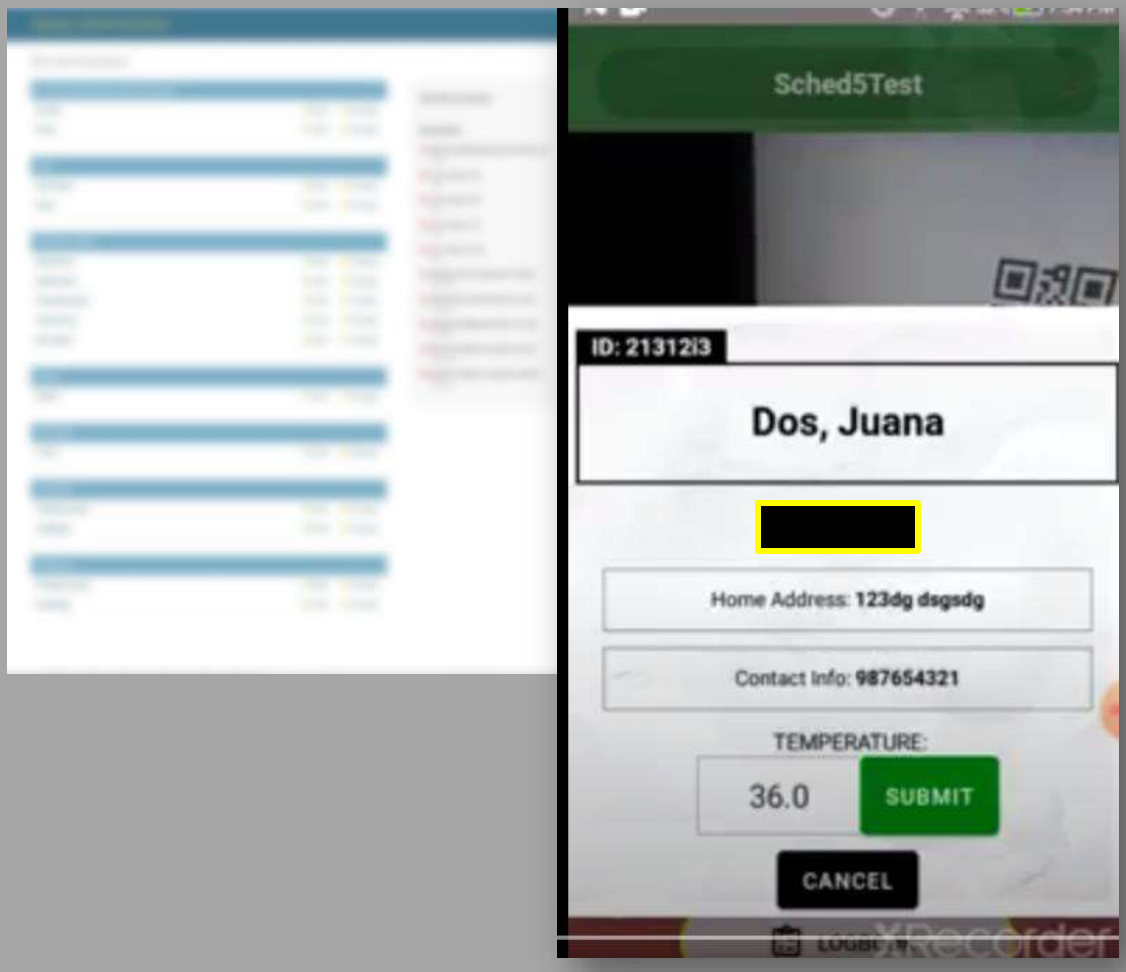

Customer Store Credits

- Web app will be used for store credit administration
- Mobile app enables user/customer to view current store credits

Utilities: React Native, Python 3, Django 3

STATUS: SUBMITTED FOR APPROVAL

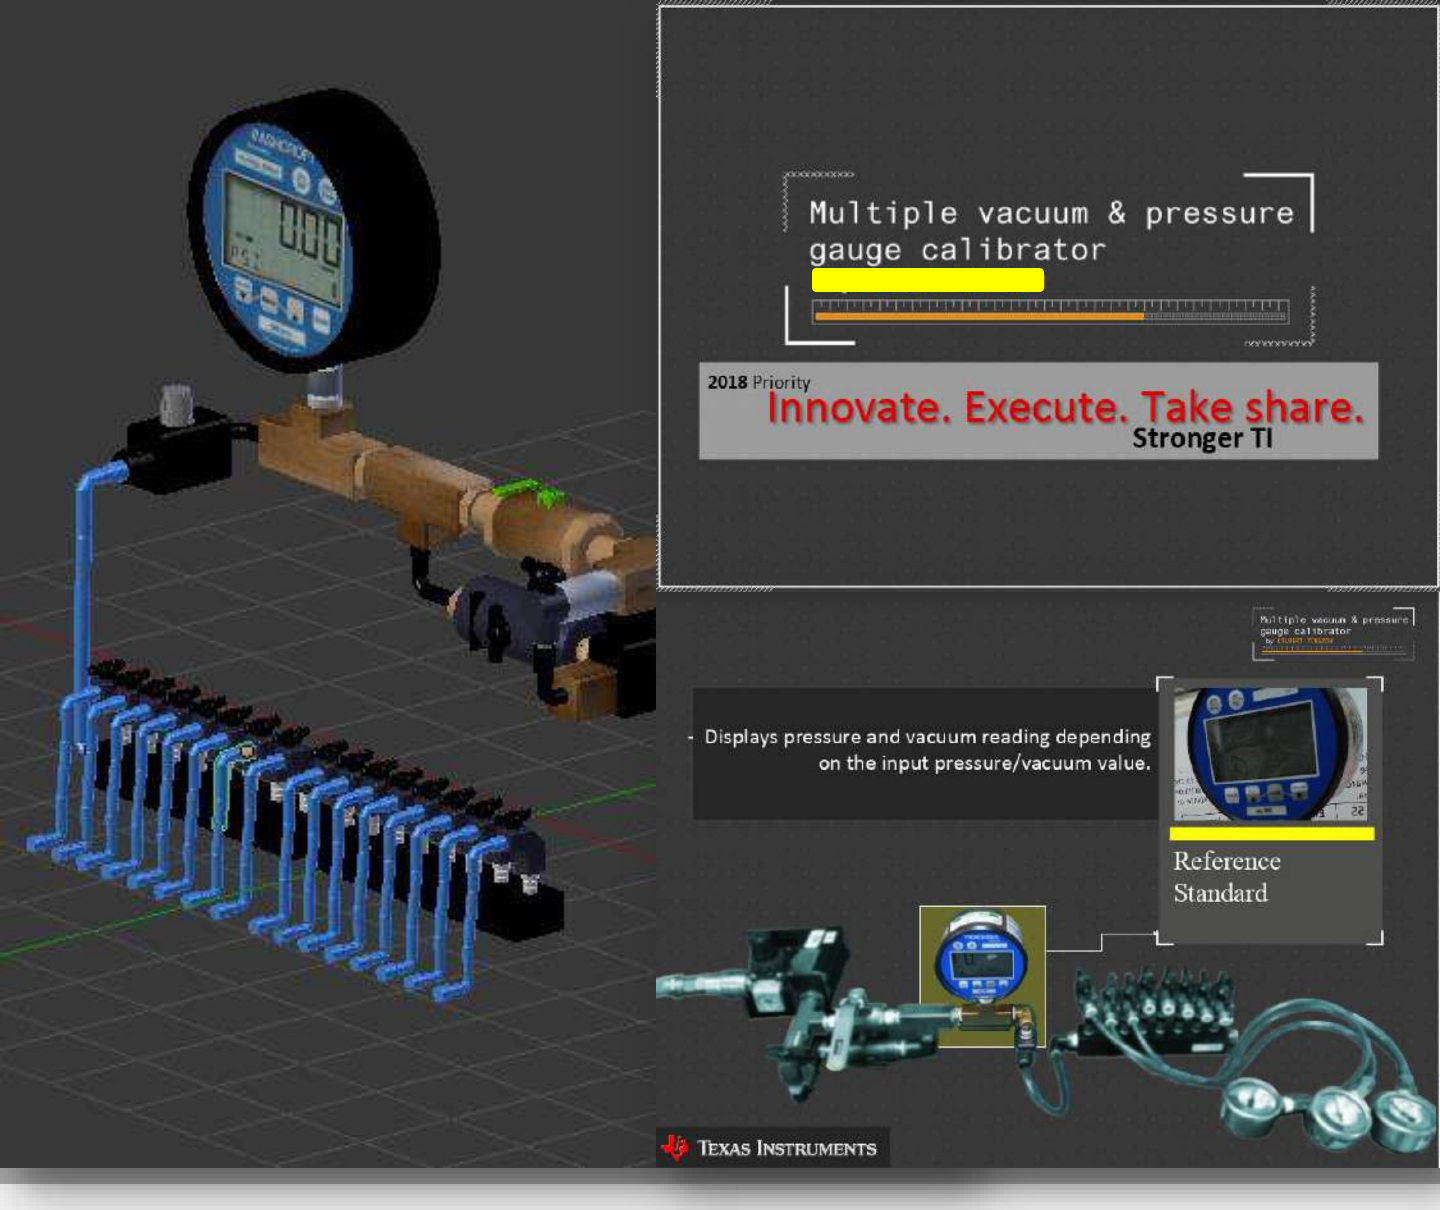

Contact Tracing Logbook (with QR Code Scanner)

- Web app will be used for logbook administration

- Mobile app enables user to scan/input QR codes and view current schedule, logs, and member info

Utilities: React Native, Python 3, Django 3

STATUS: SUBMITTED FOR APPROVAL

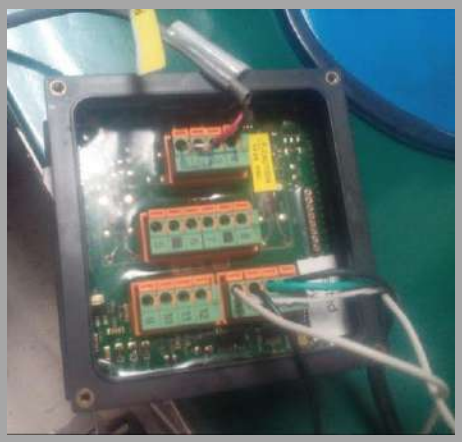

Multi-gauge Calibrator

-Contributions: Testing, Documentation, Presentation

Test Equipment Calibration

-@ TIPI-Baguio

-utilities: Reference Standards, MetCal

-calibrated: System Multimeters, IR Thermometers, Mulimeters, Torque Drivers, Hygrometers, Clamp Meters, PH meters, Dial Gauges, Pressure Gauges, Thermocouples, Ovens, Ball Shear, Die Shear, Micrometers, Surface Thermometers, Calipers, etc.

THESIS

“INTEGRATING AUGMENTED REALITY FOR BAGUIO MUSEUM AUDIO GUIDE SYSTEM”

-AR technology equip with audio, 3D models and videos

- Utilities: Unity, Blender3D
